M. Kris Srinivasan, MD, MBA,
MHSE
Kristy Washinger, CRNP

Executive Director
Phyllis Hicks BSN RN CLSSGB

MISSION

To educate the community we serve about chronic kidney disease; to provide services and support to people whose lives are impacted by kidney disease; and to advocate for more living organ donations in order to reduce the wait for a life-saving kidney transplant.

OUR VALUES

In all our relationships with patients and their support team and partnerships with other agencies, the KFCP is driven by the principles of Integrity, Stewardship, Community, Collaboration, and Compassion.

OUR VISION

To enhance the lives of everyone impacted by chronic kidney disease.

Dear Friends,

Change is constant. This is especially true of non-profit, volunteer, and health-care related organizations, of which, KFCP is all three! If you are familiar with the KFCP you may already know about out-reach and education and donation opportunities. Perhaps you participated in the Highmark Walk, attended Elegant Progressions, collected Keys for Camp or received information about being a living kidney donor.

2019 has been a busy year for the KFCP.! The new Executive Director, Phyllis Hicks has been joined by Lynne Wright, MSW, Kim Smith BS, and Karen Wilbert CPA.

Phyllis served on the Board of the KFCP for three years and has had experience in academic, corporate, community, and health-care settings. Her goal is to continue the important work of past Executive Director, Joan Line, while enhancing the goal of education, advocacy, and support to the 28 county region in the KFCP service area.

Lynne Wright MSW, the Coordinator for Patient Programs started in May of 2019. Lynne is enthusiastic and energetic as she steps in to support the patients and families involved in the Patient Family Partnership Program. Although this is her primary role, she also attends community events and coordinates other patient centered programs.

Kim Smith BS, the Coordinator for Logistical Support, began in February 2019. Working with Lynne Wright in a job share position, Kim brings her experience as a continuing medical education conference planner with Hershey Medical Center to the KFCP in planning programs such as Patient Family Celebration Day, coordinating the Highmark Walk, and other patient centered KFCP programs.

Karen Wilbert CPA,MBA, began providing financial services in June 2019, she is experienced in working with the unique needs of non-profits, and will be working with other KFCP financial partners to provide oversight and accountability in the administration of programs and services.

Support the KFCP GoFundMe Campaign!

Donate via the KFCP website :www.kfcp.org or Facebook page.

Your donation provides education, advocacy, and support to over 5,000 dialysis patients and their families, as well as people awaiting or who have received kidney transplants.

Your generosity also provides the opportunity to share information and raise awareness about chronic kidney disease to the Central Pa. community.

THANK YOU!
